

Monique Giggy

Monique Giggy founded Singularity University Ventures and has directly advised over 1,000 startups. She's also a successful investor, having deployed capital in more than 20 technology startups, and a go-to speaker on all topics related to the startup lifecycle and impact investing. She has built a network of 21,000+ founders, 2,500+ active startups and 600+ experts that she wields to lead others to success. And, she teaches entrepreneurs how to build high-growth, sustainable global businesses that can positively improve the lives of 1 billion people.

Monique's a seasoned value creator with proven success building/exiting companies, driving turnarounds, and leading high-performing global teams and advisory boards. Experienced in business strategy, product development, product-market fit, go-to-market strategy, business modeling, fundraising strategy, and business development, Monique has contributed significantly to the venture sector.
